Dear Mr Weisberg,

I am proud of the wonderful
image you give to our country and
appreciate the peace of mind I receive
when I think people like you exist.
Like you, I am not too "liquid"; but,
I would appreciate knowing about your
books. Just listened to you on Lou
Gordon's show. (How immature and
emotional his attitude is about Robert Kennedy's
^{possible} thirst for vengeance.).

I am a printer employing ^{FULL-TIME} 5 people in
my business. I would hope to print
book lists or other materials for you
in exchange for copies of your works
I do treasure the possession of books (over)

May you be blessed in your
daily work.

Daniel J. Alan
